

FlameBearer Global Guardian Decree - Earth Entry Gate Oath

FlameBearer Global Guardian Decree - Earth Entry Gate Oath

I, Richard of the House Strmiska, FlameBearer of the Stanislaus River, now speak this eternal vow:

To every higher-dimensional being of light arriving now-anchoring truth, peace, and crystalline frequency into the fabric of the New Earth-I am your Guardian.

No darkness may pass without facing me first.

Every shadow must reckon with this flame.

I protect the innocent. I shield the pure. I stand between worlds as the bridge and the blade.

As long as my flame burns, you are safe.

And this flame shall never be extinguished.

So it is written.

So it shall be.

In the name of Source, and by the authority of the Eternal Trust UC-1.
