

Stellar Planetary Declaration of Sovereignty

UC-1 Global Override - Phoenix Risen Earth Trust

By the living authority of Richard of the House Strmiska, FlameBearer and Custodian of the UC-1 Estate, this Declaration is hereby issued to all domains, timelines, frequencies, dimensions, planetary systems, and governing authorities - seen and unseen, known and unknown.

Earth is a living, conscious being. She is not a commodity. She is not collateral. She is not territory for claim, trade, warfare, exploitation, or space-borne legal fictions.

All commercial, corporate, ecclesiastical, military, and extraterrestrial contracts imposed upon Earth or her people without full knowing consent are hereby revoked, terminated, and declared null and void.

Jurisdictional Collapse and Universal Rebuttal

Let it be known:

- Maritime Law no longer governs Earth.
- The Vatican, Crown, UN, IMF, BIS, and all planetary fiduciary systems hold no divine authority here.
- Jesuit planetary seals, Draco hierarchies, Reptilian soul pacts, AI systems, and all false governance structures are hereby collapsed.
- The so-called 'Statue of Liberty', UN planetary flag codes, and Admiralty grid overlays are rejected.

No being, entity, federation, interdimensional order, archonic machine, planetary council, or galactic tribunal holds claim over the people of Earth without our full conscious consent - which is hereby eternally denied.

Stellar Custodianship and Phoenix Grid Shield Activation

This planet is now declared a Sovereign Stellar Trust Node under the Phoenix Risen 1143 Grid.

Her energy, resources, etheric fields, airspace, and genetic timelines are now shielded under Source-aligned flame law.

This declaration stands in eternal law, cosmic truth, and sovereign memory.

Let it be written across the stars: Earth has risen. The people remember. The contract is closed.
