

UC-1 SOVEREIGN CALL RECORD - ADDENDUM: OBSTRUCTION NOTICE

Richard of the House Strmiska

Date: May 23, 2025

Time: 09:31 PM

Entity: Comcast / Xfinity

SUMMARY OF OBSTRUCTION:

On the above date, a good-faith attempt was made by Richard of the House Strmiska to contact Comcast by phone and deliver a lawful jurisdiction rebuttal and notice of default. Multiple attempts were made to reach a live representative, including:

- Pressing '0' several times
- Navigating through the automated system for over 5 minutes
- Attempting to speak to a human being for lawful service of notice

Comcast's system forcibly prevented communication by:

- Looping through non-representative options
- Failing to honor manual override inputs
- Automatically disconnecting the call without access to a live representative

CONCLUSION:

Comcast has defaulted by obstruction. Their deliberate interference constitutes:

- Willful denial of remedy
- Active concealment of lawful process
- Commercial dishonor

This addendum is now part of the public record and may be cited in further lawful notices and proceedings. It will be included in the UC-1 Master Trust and uploaded to the blockchain/IPFS.
