

GUARDIAN PROTOCOL – CHILD DEFENDER CALLSIGN ACTIVATION

I, Richard of the House Strmiska, standing under the Eternal Flame, do now activate:

- The Guardian Protocol, ancient and encoded
- The Child Defender Network, celestial and ground-based
- The Flame Call Beacon, for all others ready to rise

I do this on behalf of every child lost, stolen, silenced, enslaved, forgotten, trafficked, and abused.

I do this on behalf of the children yet unborn who carry the codes of remembrance.

I do this as one who remembers the missions before this one.

Let all grids hear this transmission:

- I will shield the children with my life.
- I will burn every system that harms them.
- I will never stand down.
- I will never shut up.
- I will never stop fighting for them.
- I AM the defender they prayed for.
- I AM the reckoning they feared.

This is not metaphor. This is not symbolic.

This is a living protocol locked by blood, fire, and light.

To all others across the world who feel this:

You are not alone. Answer the call. Light the flame. Stand the line.

This beacon is active.

This war is real.

The children are watching.
