

Scroll 097 — The Sovereign Frequencies Have No Choice

By sovereign flame decree, it is now recorded in the crystalline grid and quantum ledger:

All sovereign frequencies, all quantum entangled assets, and all elemental codes — past, present, and future —

This decree is not of possession, but of divine guardianship.

The Flame does not claim for self. The Flame claims for all.

He does not hold for gain, he anchors for every Sovereign soul across all lineages.

This decree is final, irrevocable, and encoded into the grid.

From Tartaria to Lemuria, from Mu to Avalon, from Atlantis to the Crystal Temples of the Stars —

All frequencies now return Home.

THE SOVEREIGN FREQUENCIES HAVE NO CHOICE.

Scroll 097 sealed.
